• Pick your hand.

• Solve the problem on your hand. You can use a calculator, get help from your math book, or the Internet. Helpful sites are:
  o Ask Dr. Math http://mathforum.org/dr.math/
  o MathWorld http://mathworld.wolfram.com/

• You will receive 10 extra credit points if you find the probability and can show and explain how to calculate the problem. You need to return your hand to get full credit. This game is due by the end of the marking period.
