WHAT’S THE PATTERN...

Directions: Find the pattern. Look at Pascal’s triangle and find a number pattern. Use that pattern to fill in the triangle to the right of Pascal’s triangle. The numbers you will need are located on the left hand side of the triangle. There are thumb tacks in the blanks that you need to fill in. To complete the bulletin board, pin the numbers to board. Then complete this worksheet with the number pattern you have found.

**Please remember to take down your pattern when you’re done, so everyone else can find the answer.**
