

Name _____

CSc 005

Homework

Kutztown U.

Major _____

Here are Tufte's Elements of Visualization Excellence, from Globus' paper:

1. consists of complex ideas communicated with clarity, precision, and efficiency.
2. is that which gives to the viewer the greatest number of ideas in the shortest time with the least ink in the smallest space.
3. is nearly always multivariate.
4. requires telling the truth about the data."

Assignment: Provide an example of something visual pertaining to your major that displays at least three of the four elements. Attach it to this sheet (staple, paper clip, or print on the reverse side) and then, in a brief paragraph below, describe, legibly, which elements are present, with a sentence describing each one. If you prefer, you may mark your image, if appropriate.

Due Friday at the beginning of class.
