

**MAT 260 LINEAR ALGEBRA
HOMEWORK 6**

WING HONG TONY WONG

When you work on these homework problems, please do not simply write down the numerical answers, but also the **step-by-step deduction** for each problem. When I grade your quizzes, tests and final exam, your step-by-step deduction will take up an important proportion of your final scores.

Problems that may need to be submitted or may appear in the quiz:

1.5 15, 25, 27, 29, 41.

1.6 15, 21.
